District Engineer Explains Routing Of New Highway

Will Point Out Tentative Plans At Meeting On April 7th

J. W. Trask, district engineer of the division of Highways, announced today that preliminary studies for a future freeway on 16 miles of US 40 in Nevada County between the east end of Donner Lake and Floriston have now reached the stage which permit a tentative conclusion as to basic plan.

State Highway Engineer G. T. McCoy has instructed Trask to hold a public meeting to explain the various studies and the tentative conclusions reached by the engineers. The meeting will be held in Truckee on April 7th, at 10 a.m. in the high school cafeteria.

Trask urged all interested individuals and civic groups to attend the meeting and to present any information which may be pertinent to a freeway for the portion of US 40 concerned. This information may be delivered orally, or a written statement may be filed with the division of highways.

The studies by the division of the proposed route from the east end of Donner Lake to Floriston include all of the numerous factors influencing the location of a highway through developed and semi-developed areas. The factors involved include traffic service, cost of construction and right of way, location of schools, future developments and over-all effect on the area, including the town of Truckee.

Trask also stated that in addition to local conditions all route studies on US 40 have to consider the importance of the road as a main transcontinental highway and a part of the federal government interstate highway system.

The Route

The tentative routing would depart from the existing road, a short distance east of Donner Lake, pass to the north of both the town of Truckee and the Truckee airport and rejoin the existing road west of Boca. Just east of Boca, the tentative routing leaves the existing highway again, rejoining it southwest of Floriston. the tentative routing eliminates many of the sharp curves in the Truckee river canyon.

The necessity for improving US 40 to a multi-lane freeway from San Francisco to the Nevada state line has received considerable publicity in the past few years. On February 14 a public meeting was held in Auburn to discuss the section between Magra west of Gold Run and Blue Canyon Road, a distance of 14 miles and the section between Hampshire Rocks to Soda Springs, a distance of 6 miles.

Other Projects

Trask also said that bids will be opened and contracts will be let to start construction this year on U.S. 40 between Heather Glen and Colfax; between Colfax and Magra; and between Floriston and the Nevada state line. These three projects total approximately 17 miles with an estimated construction cost of $9,759,000. In addition, a contract for constructing structures between Newcastle and Auburn at an estimated cost of $1,300,000 will also be under construction this year.

After a public explanation of the route studies between Donner Lake and Floriston has been given a report of the data and conclusions, including information furnished by interested persons attending the meeting, will be forwarded by Trask to state highway engineer McCoy.

McCoy will furnish the information and his recommendation for a routing to the California Highway Commission. Route adoption is the responsibility of the commission.

WORLD TRAVELER IS ROTARY SPEAKER

D. H. Schauer of Santa Barbara, an 84 year old world traveler, gave an interesting talk on his travels at the meeting of the Rotary Club Monday evening. He discussed the Canary Island, Casa Blanca, Palermo, Serranto, France, England and other countries which he has visited.

The able speaker painted descriptive word pictures of each of the many points of interest he has visited.

Brothers' Night Will Be Observed By OES Here

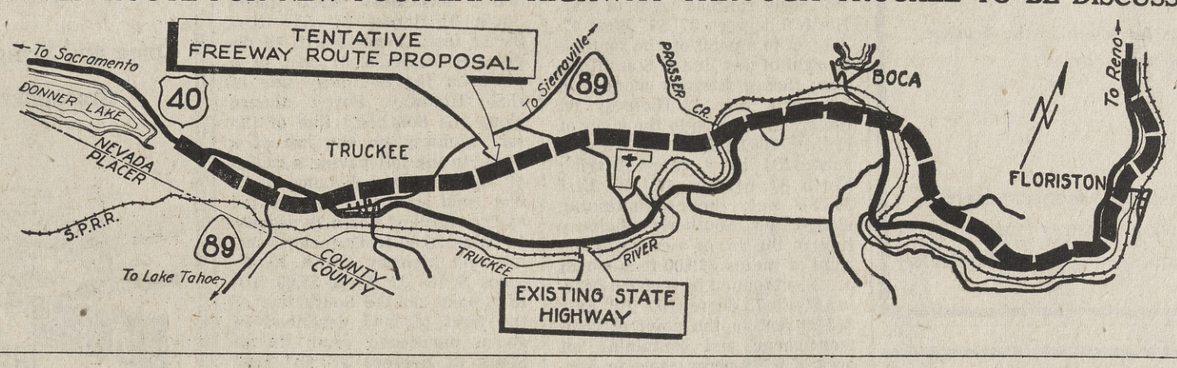
The stated meeting of Eastern Star on Tuesday, April 3rd will be "Brothers Night" with Bill Althof as chairman.

All entertainment and refreshments for the evening will be taken care of by the male members of the chapter, so an exciting evening is anticipated. All members are urged to attend and enjoy a social evening.

Go South—

Mrs. William Englehart, Jr., and daughter Gail left last week for a visit with her daughter Irene and Mr. and Mrs. Freeman Campbell.

PROPOSED ROUTE FOR NEW FOUR-LANE HIGHWAY THROUGH TRUCKEE TO BE DISCUSSED



Easter Egg Hunts At Tahoe, Truckee Planned Sunday

The Truckee 20-30 Club has completed preparations for the annual Easter egg hunt which is being staged for all the children of the community 11 years of age or younger.

The affair will be held at an undesignated place, but all the children are being invited to meet at the Truckee elementary school at 1 p.m. Sunday and they will be escorted to the location of the hunt.

Prizes will be awarded as usual, James Morhain, club president, announced.

KINGS BEACH— It was a jovial work meeting for the members of the Rotary Club of Brockway on Monday night, when preparations for the chldren's annual easter egg hunt, were made.

Through the courtesy of Jack Neugebauer, owner of the Brockway Theater, the club has arranged a program of pictures for the benefit of children fo all ages. However, only children of preschool age through the sixth grade will be elegible for the egg hunt.

Bags of candy will be given to all children participating and the winners will be awarded Easter baskets. The show will start at 1 o'clock on Saturday March 30th and the egg hunt will be held as soon after the show as the theater can be cleared.

President Bill Randall presided at the meeting. There were three guests but no visiting Rotarians. There being no planned program except for the filling of the candy bags, program chairman Marion Dodd had a good time taking pictures of the evenings activities.

TAHOE CITY— Mrs. Gerald Waters said this week that the Tahoe Community Sunday School members will convene on Easter Sunday at 10 A.M. for their program.

Parents of the pupils as well as others interested are cordially invited to attend with the children as immediately afterward they plan to join with the Kings Beach group in the Brockway Theater at 11 a.m. when the choirs of the two lake churches will present "Peter and the Resurrection." The program will be one of song and story combined with films.

Former Resident Of Hobart Mills Expires

Funeral services were held March 17th at Berkeley for Mrs. Gertrude Bowman McClaskey, an early day resident of Hobart Mills.

The deceased was a Boston native, born in 1872 and lived in Nevada during her childhood. She became the bride of Herbert McClaskey in 1891, who for many years was a bookkeeper for the Hobart Mills Lumber Co.

Surviving are three daughters and two sons: Mrs. J. B. Warren, of San Francisco; Alfred W. McClaskey, of Greagle, Calif.; Mrs. C. W. Wekander, of Berkeley; Mrs. G. Johnson, of Albany, Calif.; and George H. McClaskey, of Berkeley. She also leaves 13 grandchildren and six great-grandchildren.

Initiation Will Feature Sunshine Girls Session

Initiation will feature the April 4th meeting of Pythian Sunshine Girls, Council No. 13 with Nona Rae Coffey presiding at the session.

Mrs. Alta Van Sickle, royal advisor and Lillian Miller, assistant royal advisor will assist Miss Coffey during the ritual.

The rfereshment committee for the affair includes Sheri and Kathy Curran, Violette Dohme, Shirley Patton.

Chamber Meet To Permit Talks On Rerouting U.S. 40

Other Matters May Come Before Session Next Tuesday Eve

An open discussion on the proposed rerouting of U. S. Highway 40 through Truckee will feature a meeting of the Truckee Chamber of Commerce at the high school Tuesday evening, April 3rd.

It is proposed by Hal Welch, president of the chamber, to have everyone interested air their opposition or approval of the proposed route so that a comprehensive report can be made at a meeting with the division of highway officials at the school cafeteria Saturday, April 7th at 10 a.m.

Maps of the route proposed and which will be completed late in 1958 have been received and a copy is shown in this week's Sierra Sun. The map details are indefinite and show only a general routing.

As proposed by the division of highways, the new road will leave the present route just east of Donner monument, cross Donner creek and go back of the high school, following directly east to go about 1000 feet south of the present road at Gateway, miss the Tahoe Forest Hospital by approximately 300 feet and cross over at the James McIver home and proceed about 1000 feet north and parallel to Truckee's main street.

Welch said he anticipates no organized opposition to the present plan, but is calling the meeting to give everyone an opportunity to express themselves before the April 7th meeting.

Any other civic matter may be introduced at Tuesday's meeting, Welch said.

FIREMEN LAY PLAN FOR ANNUAL SHOW, DINNER ON MAY 5TH

Initial plans for the annual Truckee Volunteer Fire Department's benefit show and dinner at the high school cafeteria on Saturday night, May 5th, have been laid.

Chief N. F. Dolley said there will be two shows, one at 7 and the other at 8:30 p.m., featuring outstanding talent. Dinners will be served from 6 p.m.

The money raised through the benefit affair will be used for two important purposes. First, to complete the new fire station and second, to complete and equip the converted first aid truck into a rural fire truck to answer calls in the Donner Lake district and other areas outside the fire district.

Youth Cuts Neck On Ski Edge In Accident

William Bedeau, 20, son of Judge and Mrs. Grover W. Bedeau of Sacramento, suffered a severe laceration of his neck Monday while skiing and was taken to the Tahoe Forest Hospital for treatment. It was at first feared his jugular vein had been severed when he fell on a sharp ski edge but it was found by Dr. Ben King, who treated him, that only a small artery in his neck was cut.

SCHOOL RECESS

Students of the five schools in the Tahoe Truckee Unified District this week are enjoying their Easter vacation. Schools recessed last Friday and will resume Monday morning.

Pollock Returns—

Maurie Pollock, well known throughout the region for his piano playing, has returned to Truckee after a two year's absence and plans to spend the summer here.

SUNBEAMS

By WALTER M. BARRETT

It has been called to our attention that a few small boys— and some not so small— are taking advantage of spring to get in some rifle practice, both with .22's and air guns. This is fine, but the targets they are using are song birds, many of whom are currently nesting or feeding their young. There is a law against the practice and we sincerely hope that parents will warn their youngsters against continuing this mischief. A great number of the birds are comparatively tame, having been fed in yards and on porches by local residents, and thus are easy targets for the thoughtless boys. Tin cans and old bottles in supervised areas make excellent targets, but we are going to emphatically oppose any continued shooting of our diminishing flocks of song birds.

The rerouting of Highway 40 through Truckee was inevitable. What the effect on the community as a whole will be remains to be determined. Some, naturally, say it will be harmful, others declare it a benefit, but no one knows just what the overall effects will be. One thing, however, becomes more than ever apparent and that is we must band together and through close association of ideas and purposes, present ourselves as a community able and willing to protect our combined interests and develop our community. We believe that this can be most easily accomplished through incorporation. Our need for unity is vital if we are to develop and for those who have faith in the region there must be a concerted effort to continue a forward march. We certainly aren't going to stand still.

Doctor Patients Equal Staff Members As Legs Are Broken In Mishaps

There were as many doctors as patients as there were on the staff at the Tahoe Forest Hospital during the weekend, and all were treated for broken right legs as the result of skiing accidents.

Dr. Charles Chidsey resident physician at the Bellvieu Hospital in New York City, Dr. Ernest Rogers of Mt. Zion Hospital, at San Francisco and Dr. Rachael Reed on the staff at Children's Hospital, San Francisco were the victims.

Incidentally, Dr. Rogers' wife suffered a similar injury the day before her husband was admitted to the hospital.

ENGLE CITED FOR SERVICE RECORD

Four California Congressmen, two Democrats and two Republicans, have been cited for rendering outstanding services to California and the nation in the course of performing their legislative duties in the first session of the 84th Congress.

Appearing in the first annual report of the California Congressional Recognition Plan, an organization of California civic leaders concerned with improving public understatnding of the functions and achievements of California's representatives in Congress, the citations accord special recognition to Congressman Clair Engle and three others.

Mr. and Mrs. Robert Wray of Tahoma have been business visitors in San Francisco.

Tahoe Club Gets Ready For Alpine Ski Meet April 6-8

Many Champions Register To Patricipate In Big Tournament

TAHOE CITY— Preparations are complete for staging the 1956 National Alpine Championships at Squaw Valley under the sponsorship of the Squaw Valley-Lake Tahoe Ski Club, Friday, Saturday and Sunday, April 6, 7 and 8.

Tournament Director Jack Starratt reports an entry list of 100 skiers, including most of the Olympic team headed by Ralph Miller and Tom Cocoran both former Dartmouth skiers.

The downhill will be staged Friday, the giant slalom Saturday and the slalom on Sunday.

While a nominal charge is made for accommodations for the contestants, officials will be guests of Squaw Valley Lodge during the weekend.

Among the officials, who come, as do the skiers, from all parts of the United States, are Dick Movitz, technical advisor from Salt Lake City, Chief Timer Eddie Eigle of Sun Valley, Referee Grady Wren of Reno, Chief Gate Keeper Charles Proctor, Yosemite; Gorden Butterfield, of Tahoe, chief of the course; Ray Fellows, Carnelian Bay, race chairman; Howard Martin, Tahoe, chief starter and Ernie Schickler of Squaw Valley, chief of the ski patrol.

The entry list, Starratt said, includes 70 men and 35 women.

The ski club has made an appeal for funds to assist in carrying out the program, pointing out that the affair will cost approximately $5000 and with revenue from the club itself limited, outside funds are required for its success. The races are held a forerunner of the 1960 Winter Olympics and are expected to attract a large attendance of spectators during the three days of activities.

Boy Scouts Win Award At Session

Troop No. 7, Boy Scouts of America, brought home a blue ribbon from the Scout-O-Orama held during the weekend at the Placer County Fairgrounds.

This award was given for a demonstration in skiing safety and embraced the proper use of skis and equipment, and was ably demonstrated by Scouts Frank Borden, Dan Stock, Sammy Medford, Reginald Smart, Gale Eaton and Mickey Stone. Scoutmaster Nelson Stone accompanied the boys to the show.

More than 8,000 visitors and participants attended the affair.

Four outstanding booth awards went to Troop 31 of Lake Tahoe, Squadron 19 and Troop 3 of Auburn and Pack 40 of Grass Valley.

Sheriff William A. Scott, general chairman, announced that more than $2500 was cleared from the Scout-O-Rama and that this money will be used to provide a new water system at Camp Pahatsi on Donner Summit.

TWO MEN FILE AS COMMITTEE MEMBERS

Harold Welch and B. W. Reynolds this week filed their nomination petitions with County Clerk R. E. Deeble to have their names on the June 5th ballots as candidates for the Nevada County Republican Central Committee.

Only two members are to be elected from the fifth supervisorial district.

Both Reynolds and Welch have been members of the committee.

Churches Prepare For Holy Week Services In District

Special services in observance of Holy Week are planned for the churches in the Truckee-Lake Tahoe area.

Father P. J. O'Niell announced the followng schedule for the balance of the Easter week:

Truckee Assumption Church — Holy Thursday — Mass, 5 p.m.; Confession, 4 to 5 p.m.; Followed by Public Adoration until 12 p.m. Midnight; Holy Hour & Rosary 8 p.m. Good Friday— Special Lithurgical Service Starting at 1 p.m. consists of: Stations of the Cross, Sermon, Unveiling of cross and Veneration of Cross & Holy Communion Service at 3 p.m.

Tahoe City — Good Friday — Passion & Way of the Cross, 8 p.m.; Holy Saturday - The Easter Vigil. Truckee Confessions: 3 to 5 & 7 to 8. Tahoe City, 3 to 5. Ceremonies in the evening begin 10:30 with Blessing of the New Fire to end with Easter Vigil Midnight High Mass at 12 p.m.

Easter Sunday Masses— Soda Springs, 8 a.m.: Tahoe City, 9:30 a.m. Kings Beach, 11:00 a.m.; Squaw Valley Lodge, 8 15 a.m.; Truckee High Mass, 9:30 a.m. Confessions before all Masses.

Mass will be celebrated at the Truckee Assumption Church tonight at 5 in observance of Holy Thursday and on Good Friday observance will begin with the Lithurgical service or communion between 1 and 3 p.m. tomorrow.

The Holy Saturday Easter vigil service will begin in the Catholic Church at 10:30 p.m.

Special music and service will be held Easter morning.

Community Methodist

Rev. Wesley Osman announces Maunday Thursday candlelight communion service at the Community Methodist Church tonight at 8 p.m.

There will be a short service at 1 p.m. on Good Friday and on Easter morning a special program of choir music and a sermon will be enjoyed.

Christian Science

"Unreality" will be the subject of the lesson-sermon at the Easter Sunday services of the Truckee Group of Christian Scientists to be held at 11 a.m. at the Wyethia Women's Club house.

The public is cordially invited to attend any ot the churches in the district.

FISHING STARTS ON DONNER SATURDAY

Although there is a very good chance that all the ice will not be gone by that time, the fishing season opens on Donner Lake Saturday.

Prospects are very good, according to those familiar with the lake and surface fishing from boats with bait and spinners is expected to bring good results.

This is the first year that the lake has been opened so early and sportsmen are anxious to see what the results will be. It is believed that by time for the regular opening of the season, the kokanee are too deep in the water to provide best results.

Jennifer Ann O'Bear Is Feted On Her Birthday

Jennifer Ann O'Bear was honored Friday afternoon on the occasion of her birthday when a group of her playmates from kindergarten were invited to share in the games and refreshments prepared by her mother, Mrs. Charles O'Bear, assisted by Mrs. Art Johnson.

The party, held at Lake View Motel at Donner Lake, was attended by Dianne Daly, Beverly King, Kathy Hart, Susan Schuler, Pamela and Donna Horman, Yvonne Johnson, Jimmy Johnson and Mike O'Bear.

New Jeep Owners

New Jeep owners here include Heslin Cardinal who is driving a new deluxe with a two-tone cab and Cliff Ellis who has a four-wheel drive pickup, fully equipped with snow plow equipment.

Both purchased their vehicles from the local dealer, Osburn's Buick Garage.

Card Party—

Mrs. William Englehart, Sr., was hostess on Wednesday at a bridge party.

Fish Plant Quota For This Region Recited At Meet

Objections To Restrictions On River Highlight Local Meet

Although the meeting of the Truckee Outdoor Sportsmen last Thursday night was designed to discuss with fish and game officials the planting program for trout during the coming year, much of the session was taken up with the heated talks over the proposed closing of seven miles of the Truckee river to bait fishermen.

The latter subject could not reach any conclusion since the restriction order was made by the state fish and game commission, and that group was not represented at the meeting.

However, there were some 14 fish and game department men on hand, headed by Robert Montgomery, regional director and Jack Fraser, manager of fisheries in the region. Others included Robert Butler, in charge of the catchable trout program; Donald Kelly, biologist; Jeff Rice, mobile fish planting; Allen Pollitt, assistant hatcheries superintendent; John Reed, and Don Evins of the Tahoe hatcheries; Hal Mefford and Erving Single, wardens; Captain Kenneth Hooker; Willard Greewald, chief of the bureau of wild life and Robert Butler, research.

Allotments Announced

Fraser explained the planting program this year and Pollitt read the quotas for streams and lakes in this district, which include the following:

Donner Lake, 40,000 catchable rainbow and 80,000 kokanee fingerlings: Donner Creek, 6,000 catchable rainbow; Prosser Creek, 5,000 catchable rainbow; Truckee River, 60,000 catchable rainbow; Little Truckee, 10,000 catchable rainbow; So. Fork Yuba, 60,000 catchable rainbow; Ward Creek, 4,000 catchable rainbow; Independence Lake, 20,000 kokanee fingerlings, 40,000 rainbow fingerlings; 60,000 cutthroat and 20,000 kokanee; Boca reservoir, 20,000 catchable rainbow; Cold Stream, 8,000 catchable rainbow.

Many For Tahoe

Lake Tahoe is in for a new type program this year. There, Pollitt said, 500,000 rainbow fingerlings have already been planted and the program calls for at least 1,500,000 to be planted during April and perhaps another 1,000,000 later in the year.

Webber Omitted

Because the owners have objected to the planting of Webber Lake in the past, this area is no longer under the management of fish and game and no fish will be planted there or in Lake of the Woods Fraser declared after reading an exchange of letters between his department and the lake owner.

Eastern brook plants will be made in other lakes with from 500 to 6,000 allocated to each. These include Lola Montez, Lost Lake, Maria Lake, Paradise, Sand Ridge, Sanford, Upper West, Bear and Buck's Lake.

Robert Moore, member of the Truckee Outdoor Sportsmen, led the argument against the restrictions placed on the Truckee river, with Montgomery taking the lead for the commission's argument. Jack Waggoner presided at the session, attended by nearly 100 local sportsmen.

SPORTSMEN PLAN TO ATTEND STATE MEET

Although there is little hope that they will be heard officially, members of the Truckee Outdoor Sportsmen, headed by Bob Moore, will attend the April 5 meeting of the California Fish and Game Commission to urge reconsideration of the ruling to restrict seven miles of the Truckee River to artificial fishing lures.

William Harp, assistant to the commission said the members would unquestionably hear the local representatives, but he added that there is no way in which the controversial question can be changed.

New Owners Will Start Ambulance Service Sun.

The new owners of the Truckee Ambulance Service, Jack Ellis and John E. Lloyd, Jr., take over the operation of the concern Sunday from N. F. Dolley, owner of the service for the past 18 years.

The same type of fast, safe transportation for injured or ill is promised by the new operators.

GOOD FISHING

Robert Seibold, Nat Quilici and Fred Pedley report better than average fishing for this season of the year at Lake Tahoe. Fishing from a pier at Tahoe City they caught twelve trout during the weekend.

Family At Willows—

Mr. and Mrs. Wilber Glenn and three sons have been spendng a few days at Willows.

NOTICE OF TRUSTEES' SALE

On April 17, 1956, at the hour of 10:00 a.m., on the steps leading to the front entrance of the Nevada County Courthouse, situated in the City of Nevada City, County of Nevada, State of California, GARTNER S. THOMAS and THOMAS A. WAHL, as Trustees, will sell at public auction to the highest bidder for cash in lawful money of the United States, the following described real property situated in the County of Nevada, State of California:

All that portion of the Southeast quarter of the Southeast quarter (SE¼ of SE¼) of Section Seventeen (17), Township Seventeen (17) North, Range Fifteen (15) East, Mount Diablo Base and Meridian, described as follows, to wit:

Commencing at the point of intersection of the Northerly right of way line of the Central Pacific Railway Company with the southerly right of way line of the State Highway, which point is opposite at right angles Northerly and distant Two Hundred (200) feet from the center line of original main tract at Engineer's Station 12-04.93 and from which point of commencement the section corner at the southeast corner of above mentioned Section 17, bears South 2 degrees 45' 40" East 759.50 feet; thence from said point of commencement, North 81 degrees 37' 55" West along the Northerly right of way line of the Central Pacific Railway Company, a distance of 364.-93 feet; thence continuing on said Northerly right of way line on the arc of a curve to the left of radius 1018.64 feet, which arc is subtended by a chord bearing South 89 degrees 51' West 301-.74 feet; thence leaving said Northerly railroad right of way, North 9 degrees 37' 50" West 47-.73 feet to a point on the southerly right of way line of State Highway; thence Easterly along said Southerly line of Highway on the arc of a curve to the right of radius 1160.00 feet which arc is subtended by a chord bearing North 87 degrees 44' 18" East 302.31 feet; thence continuing along said Southerly highway line on the arc of a curve to the right of radius 960.00 feet, which arc is subtended by a chord bearing South 73 degrees 12' 10" East 385.16 feet to the point of commencement and containing an area of 0.712 acres, more or less.

EXCEPTING AND RESERVING THEREFROM the following: (a) Any portion that might lie within the boundaries of the Central Pacific Railway Company's four hundred foot right of way. The meridian of this description is based upon the meridian of the highway survey— subtract 0 degrees 30' in azimuth to obtain true bearings.

(b) A portion of the Southeast quarter of Section 17, Township 17 North, Range 15 East, M.D.B. & M., described as follows:

Beginning at the intersection of the Westerly line of a power line right of way, fifty feet in width, and the Southerly line of the tract of land described in that certain deed of Southern Pacific Land Company to Vanderford recorded in Volume "62" of the Official Records of Nevada County, California, at Page 452, and from the point of beginning of the hereby described tract, the point of beginning of the tract of land described in above mentioned deed bears South 81 degrees 37' 55" East 189.24 feet; thence North 19 degrees 47' East along the Westerly line of said power line right of way for a distance of 47.30 feet to a point on the Southerly line of U.S. Highway 40, from said point a concrete highway monument on the Southerly line of said highway at Station 19-62.9 E.C. bears South 65 degrees 53' 05" East 229.04 feet; thence from a tangent which bears North 72 degrees 44' 10" West along the arc of a curve to the left whose radius is 960 feet through an angle of 2 degrees 59' for a distance of fifty feet, said arc being represented by the chord of North 74 degrees 13' 40" West 49.98 feet; thence South 19 degrees 47' West 53.87 feet to a point on the Southerly line of the parcel described in above mentioned deed to Vanderford; thence South 81° 37' 55" East along last mentioned Southerly line for a distance of 50.87 feet to the point of beginning, containing 0.058 acres, more or less.

(c) A portion of the Southeast quarter of said Section 17 described as: Beginning at a point on the Southerly line of the tract of land described in that certain deed of the Southern Pacific Land Company to Vanderford recorded in Volume "62" of the Official Records of Nevada County, California, at Page 452, and from the point of beginning of the hereby described tract, the point of beginning of the tract of land described in the above mentioned deed bears South 81 dgrees 37' 55" East 240.11 feet; thence North 19 degrees 47' East 53.87 feet to a point on the Southerly line of U.S. Highway Forty; thence along the Southerly line of the said highway on the arc of a curve to the left having a radius of 960 feet for a distance of 20 feet (said arc being represented by the chord of North 76 degrees 19' West 20.00 feet); thence leaving said highway South 19 degrees South 32' West 55.69 feet to a point on the South line of the tract of land described in above mentioned deed; thence South 81 degrees 37' 55" East along the South line of the tract of land described in above mentioned deed for a distance of 20.00 feet to the point of beginning. Containing 0.02 acres, more or less.

Said sale will be made to satisfy the obligations secured by and pursuant to the powers of sale conferred in a certain Deed of Truct executed by JESSIE A. VANDERFORD, a widow, as Trustor, and GARTNER S. THOMAS and THOMAS A. WAHL, as Trustee, and BESSIE D. DeVONEY, GEORGE C. ALEXANDER and JOHN COSTELLO, as Trustee in Bankruptcy of MARION SPENCER STRICKLAND, as Beneficiary, which said Deed of Trust was recorded in the office of the County Recorder of the County of Nevada, State of California, on October 1, 1954, in Book 202 of official records at Page 50, and under Recorder's Serial No. 11297.

Default was made in the payment of the sum of Nine Thousand Five Hundred Seventy-nine and 99|100ths Dollars ($9,579.99), the principal amount due under the terms of the Promissory Notes for which the above mentioned Deed of Trust was given as security. A breach of the obligation for which said Deed of Trust is security has occurred. Notice of breach of obligation and election to sell said real property was recorded in the Office of the County Recorder of the County of Nevada, State of California, on the 9th day of December, 1955, in Volume 215 of official records, at Page 467. This Notice is given in compliance with the demand this day made on the Trustees by the Beneficiaries.

NORTH TAHOE

By JUDGE HARRY CHARRISON

V. F. W.

On Wednesday March 21st the officers were elected by the V. F. W. Post 7077 at the Crystal Bay Club. The outgoing officers included Commander Ray Plunkett, Senior Vice Billy Powell, Quartermaster Bill Dugan, Adjutant Doc Hagerman, Chaplain Oits Wing. The officers elected are Commander Mike Kornazowich, Senior Vice Commander Ray Bergman, Junior Vice Commander Bob Moore, Quartermaster Admiral Crenshaw, Adjutant Max Springer, Chaplain Bert King, Post Advocate Bill Dugan, Service officer Ray Plunkett, Officer of the Day Gene Faulkner, Publicity officer Noble Murray. Trustees are Billy Powell, Sam Olson, and Mike Cinani. A joint installation of the Ladies Auxiliary and the post has been suggested and may be held on April 8th.

Short Absence

Joby Lewis left last weekend for Los Angeles to visit his dad, who he brought up from Detroit a few weeks ago.

Chet and Mrs. Robertson of the North Tahoe Laundry also left for the Bay area to spend a week before the summer rush.

The two Harveys and Mrs. Klitzke left for North Hollywood where they will visit their respective mothers and dads. By the way, Harvey, Sr., has taken over the business of Bud Jones in opening and closing homes, etc., etc.

Church Members

Among those to join the Community Methodist Church of Kings Beach were Janis Baily and son, Kenny, Mr. and Mrs. Cinani and two boys, Jessie Vernon, and Alice Dunham. This is a wonderful addition to the church.

Check License

Have you looked at your driver's license lately to see when the renewal is due. If not do it now, as it is expensive if a patrolman happens to ask to see it or you will have to explain why you haven't done so when you do go for a renewal. A local man was in court last week for going eight years without doing that very thing, now he has to fill out the questionaire and take a driver's test too, beside paying a fine that was assessed.

Ski Championships

The weekend of April 7th promises to be a big one as far as visitors are concerned. National Ski Championships will be held at Squaw Valley. This will be about the last of the big weekends for the resorts and clubs of this area.

Visitors and Otherwise

Mr. and Mrs. Mark Pluth of Napa have been up here visiting the Andy Sorensens of Tahoe Vista. Mrs. Pluth is Alice Sorensen's sister.

Adeline Friermouth of Incline Beach is back for the summer. She had been wintering at Southern California.

Earl and Mrs. Nelson are back at their home in Kings Beach after a nice winter spent in Southern California. Earl sure looks swell and the best of it is he has gotten rid of his miseries.

Mr. and Mrs. Frank Vance and friends were up here for a short stay at their home on the golf course.

From Over Seas

Had a very nice visit with Kenny, brother of Ray Riley of Kings Beach. He has recently returned from Germany where he served with the armed forces. Kenny was in Switzerland, Holland, England and Scotland and after an appraisal, he informed us that he preferred California— especially Tahoe. Kenny is returning to the Pasadena City College, and will be back at Kings Beach as soon as school is out.

Birthday

It was a pleasure to see Rube Welch back home from the hospital, and then I hear that he celebrated his birthday with friends at the Trade Winds last Friday and what a time they had. Rube tells me he will have to return to the hospital for a check up around the 9th of April. Happy Birthday Rube.

Passing

The whole community is very sorry to hear of the passing of Paul MacMillen's mother at Santa Cruz. It was quite Sudden, and the P & G Market has been closed for several days while they attended the funeral. Our deepest sympathy goes to Paul and Grace.

Any Fish?

A lady called me the other day and said this is the last time I tell my friends to go and see the beautiful fish at the bridge in Tahoe City, unless they hire a diver or sumpin' to clear the awful lot of debris that lays at the bottom. So I took a look, and sure enough, it's full of beer cans, snow poles and every kind of rubbish you can mention. It's such an attraction too when its clean.

An Opportunity- A Gold Mine

Well of all things, some lucky person is in for a wonderful motel, as Julius Gold tells me they are preparing to sell. This is not very good news as the Golds were really among the first to put Kings Beach on the map as a wonderful resort area, but the doctors orders are to get to a lower altitude. I know that all of their friends will be very very sorry to even hear that they contemplate moving from our midst.

Travelers

Just had a card from the Mosiers. You know of the Veron Viela, Crystal Bay. They are in Hong Kong. Imagine, they tell of a gorgeous time and wonderful scenery, rough seas and all that goes to make a trip like that worth while.

20 YEARS AGO

From the files of the Sierra Sun & Truckee Republican

Daryl, son of Mr. and Mrs. Frank Gaennie was home on leave from the U.S.S. Pennsylvania.

C. E. Smth who had been in the wood and coal business in the City Transfer, entered the fuel oil business due to the increase of that mode of heating.

The engagement of Miss Jeanne Williams of Auburn and Tony Pace was announced.

Dr. J. H. Bernard was rushed to the scene and rendered first aid when the Southern Pacific Train 21 was caught in a snow slide west of tunnel 13 when it was reported that 11 passengers were injured, others shocked and bruised. Snow storms were unabated during this period.

The Truckee Sanitary District took advantage of the W.P.A. project to continue to improve their sewers which had been started under the SERA.

Mr. and Mrs. Merle Jennings, the former then trainmaster here, recovered part of the jewelry taken from their home.

Dick Joseph, proprietor of the Pastime Cafe, was busy modernizing the business.

Mr. and Mrs. Peter Lazzari became the parents of a son Jan. 10 in Reno, named Lester Raymond.

William Englehart, Jr. was heard over the radio by local people from a Los Angeles station.

Total wages and salaries in California were estimated at $20.2 billion in 1955.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO —(C N S)— Although many people are not aware of the fact, Sunday, April 1st, will mark a new system of tax collection in many parts of California.

On that day, the Bradley-Burns Uniform Sales and Use Tax law will go into effect, and for those counties which have adopted a one cent sales tax, consumers will start paying in all portions of the county.

A good many problems will arise in the collection of the tax, technical problems that will be worked out by the state board of equalization, for the new law provides that the state collect the entire sales tax, which will amount to four percent in the counties subscribing to the new bill, and later remit the one cent to the county, and to the cities involved.

Heretofore, the city sales taxes have been collected by the cities themselves, a system which led to much as far as the retailer was concerned, due to the different rules and regulations adopted by the various cities which had sales taxes.

More to the point, however, is the supposition on the part of a great many taxpayers that with the adoption of a county-wide sales tax, the property tax within the county will be reduced.

Just how this will work out, of course, is not as yet known. From the one cent, it is expected that some $100,000,000 annually will be collected. It is reasonably obvious that taxes will not be reduced in that amount, for the simple reason that much of the collection of the new county-wide taxes already has been collected in the past by the cities.

Consequently, while there will be some new money in the county revenues, it is not expected there will be sufficient funds to warrant any great decrease in the property taxes. This is in part due to the normal increases in the cost of local government. Exceptions are the counties, such as Sacramento, which are adopting the new county-wide tax on a new basis, and even in these counties, fiscal experts do not anticipate much decrease.

It will be recalled that the new county-wide sales tax is permissive in character. In other words, a county may, or may not adopt the provisions of the Brandley-Burns act. However, it is anticipated that in counties where city sales taxes are in effect that moves will be made to have the sales tax apply on a county-wide basis.

This is because the money will be proportioned between cities and counties, and in the law, the counties see a way to bolster their revenues and possibly meet expenses with additional property taxes.

The state board of equalization has not as yet sent out its rules and regulations pertaining to the collection of the county-wide tax, and retailers throughout the state are eagerly awaiting these rules, for on them depends revision of much of the bookkeeping systems used at the present time.

The California Retailers Association, which originally sponsored the uniform sales tax, has issued a special bulletin on the law itself, but cannot answer all of the technical questions, the answers for which must come from the board itself.

PLACER SALES TAX DISCUSSED IN MEET WITH SUPERVISORS

TAHOE CITY— County Supervisor L. L. (Andy) Anderson and Frank Paoli met with local residents at a public meeting held last Thursday night in the Community Hall here to discuss the proposed new county sales tax.

The supervisors told a large local gathering that they will not vote for a 1 per cent sales tax unless an equitable distribution of taxes between incorporated and unincorporated areas is worked out and the tax money collected is placed in the general fund to reduce the base property tax. They said they cannot approve of the 100 percent tax collections made in any incorporated city being kept by that city, since a large proportion of this tax money would come from unincorporated areas. They said they considered 60 percent of taxes collected in incorporated cities would be a high figure.

Based on a 60-40 formula, and using the 1955 sales tax figures, the Supervisors calculated that the county tax rate would be lowered 33 cents on a hundred dollar assessed valuation, and that incorporated cities would do as well or better in their tax reduction.

The principal objection to a one percent county sales tax voiced at the meeting was that the California part of the Tahoe region is too close to Nevada, which state has a sales tax of only 2 percent, and no county tax at all. It is feared that many California residents at the lake might make all their large cash purchases in Nevada in order to save 2 cents on the dollar.

The supervisors had to leave without ascertaining just how the majority here stood on the county tax question. They advised residents to hold another community meeting in the near future, following which the Tahoe City authorities are to inform the County Board of the results.

Vehicle Registration In State Hits All-Time High

SACRAMENTO— The total number of motor vehicles of all types, autos, trucks, trailers and motorcycles registered in California in 1955 hit an all-time high of 6,731,656, an increase of 537,014 over 1954.

This figure was given by State Motor Vehicles Director Paul Mason in his monthly report to Governor Goodwin J. Knight.

Mason also reported an increase of 269,917 in the number of outstanding drivers' licenses, from 6,287,191 in 1954 to 6,557,108 in 1955. The increase, however, was in number of operators' licenses only, the number of chauffeurs' licenses dropping from 468,342 in 1954 to 426,972 in 1955.

This, Mason explained, follows a trend that has been developing in the last two years as a result of strengthening by the Department of Motor Vehicles of California's commercial testing program.

Nevada County had 7,740 autos, 2,004 trucks, 794 trailers and 47 motorcycles for a total of 10,585 vehicles.

Placer County had 18,103 autos, 4,298 trucks, 1,888 trailers and 144 motorcycles for a total of 24,433 vehicles.

Tahoe—

Mr. and Mrs. William Hunter of Lodi are among the Lake Forest business people who are preparing for the summer season.

McGLADE TALKS ON HOSPITAL AT CLUB MEETING IN TAHOE

TAHOE CITY— At the Tahoe City Rotary Club meeting, held on Tuesday evening, March 20th, there were 23 members, two visiting Rotarians and two guests present, besides the guest speaker. Arthur Coulliard of Truckee and Everett Griffith of Woodland were visitors. Jack McGlade, administrator of the Tahoe Forest Hospital, was guest speaker of the evening.

McGlade told of the growth of district hospitals throughout the country following world war 2, and spoke of the likely need for enlargement of uor hospital here as a result of the 1960 Olympic Games. McGlade said a bill recently passed by our state legislature may be of some aid in the increase of service at the hospital.

He stated that a deficit of $33,000 last year has now been reduced to $10,000. He predicted that within two years this hospital will be self-supporting, for the reason that more and more people are taking advantage of the hospital's facilities.

Many More Tax Forms Due For State Filing

Over 1,000,000 1955 state income tax returns have been filed and 2,400,000 more are expected to be filed within the next two weeks, Robert C. Kirkwood, Franchise Tax Board Chairman, announced today.

"Those taxpayers who have not yet filed should do so immediately if they need help from the state income tax office", Kirkwood said. "Because of heavy last-minute filing, assistance may not be readily available closer to the deadline, Monday, April 16."

Single individuals with net incomes of $2,000 or more and married couples with combined net incomes of $3,500 or more must file 1955 state income tax returns, Kirkwood declared.

New, Powerful Saw Is Announced By Dealer

Announcement of the new, powerful, low-cost Homelite EZ chain saw was made today by Robt. J. Wray of Tahoma. An outstanding feature of this new direct drive chain saw, is the 5 full horsepower engine, packed into a light 19 pounds, so that any operator can cut faster with less effort and less fatigue.

According to Wray, the new Homelite EZ cuts through 8" oak in 5 seconds and 18" pine in 14 seconds and handles any tree up to 3 feet in diameter. The EZ is offered at the lowest cost of any Homelite chain saw and is said to offer important operating savings as well as low initial investment.

"The EZ is especially adapted to the needs of the occasional user," said Wray, "such as farmers, sportsmen and estate owners. It makes it easy for a farmer to do more profitable cutting on his woodlot because it cuts so fast and is so light it goes anywhere easily. Sportsmen will like it because it is easy to carry to the campsite and makes quick work of cutting wood for fuel or shelters, leaving more time for actual hunting and fishing."

It was pointed out that the EZ has the same Homelite quality engine with high-compression, short-stroke design. The all-position, all-angle carburetor lets the user cut in any position with full power—up, down, left, right, even upside down. The EZ can be used for all types of cutting— felling, bucking, touching, trimming, boring or undercutting.

The EZ is available with bar sizes of 12", 17", 21", 25" or 30". Additional information and demonstrations are available from Wray at Tahoma, Calif.

To Tahoe City—

Returning to Tahoe City are the Stanley Boltons who have been at Hemet during the winter months.

The Ira Blair address will again be Kings Beach this week.

CLAIR ENGLE WILL BE CANDIDATE TO SUCCEED HIMSELF

WASHINGTON — Congressman Clair Engle (D), Red Bluff, Second Congressional District, has filed for reelection in the June 5 primary on the Democratic and Republican tickets. He has represented the District since 1943, and for the past five terms has won the nomination of both parties in the primaries.

Engle is the only member of Congress from California holding the chairmanship of a major legislative committee in the House of Representatives. As the result of seniority, he is chairman of the Committee on Interior and Insular Affairs, which handles legislation pertaining to irrigation, reclamation, mining, livestock, lumbering, recreation, public lands and other matters of particular interest in the District.

Recognized as a leading authority in Congress on water problems, Engle is the author of all additions to the Central Valley project, including the Folsom project on the American River, the Sly Park project in El Dorado County, the Sacramento Valley irrigation canals and the Trinity River project, a key unit on which construction is underway.

Following the recent disastrous floods, the Congressman introduced legislation to speed up the State construction of the Feather River project by providing federal funds to pay for the flood control benefits of that project, and in addition, has sponsored legislation to control erosion and flood damage along the Sacramento River and its tributaries.

"My seven terms of experience in Congress and the important chairmanship which I now hold are assets which belong to the people of my district, and is the record on which I again submit my candidacy for reelection. I appreciate the majorities I have received from both parties in past elections, and I hope the work I have done in representing the District will warrant the continued support of the voters and retaining the seniority which I have gained in the Congress", Engle said.

The Congressman represents the following 19 counties: Alpine, Amador, Butte, Calaveras, Eldorado, Inyo, Lassen, Mariposa, Modoc, Mono, Nevada, Placer, Plumas, Shasta, Sierra, Tehama, Trinity, and Tuolumne.

Antlerless Deer Hunt Proposed By Officials

The California Department of Fish and Game will propose that the fish and game commission adopt regulations permitting the taking of antlerless deer in large sections of the state during the last three days of the 1956 deer hunting seasons.

The proposal will be submitted to the commission when it meets April 6 in Sacramento to accept all proposals for 1956 hunting regulations.

Pursuant to a deer management policy adopted by the fish and game commission in 1950, the department developed the proposal to bring about more adequate harvest of California's deer without harm to sustained production and to alleviate deer depredation and damage problems in some areas.

Under the proposal to be considered by the commission, deer of either sex could be taken with a "B" tag September 14, 15 and 16 in the following counties: Sonoma, Napa, Yolo, Solano, Contra Costa, Alameda, San Mateo, Santa Clara, Sant Cruz, Monterey, Santa Barbara, Orange, San Diego and in portions of Colusa, San Joaquin, San Benito, San Luis Obispo, Ventura, Los Angeles, San Bernardino and Riverside.

Counties in the late season in which deer of either sex could be taken with a "B" tag October 26, 27 and 28 are: Modoc, Siskiyou, Trinity, Shasta, Lassen Plumas, Tehama, Glenn, Butte, Yuba, Sutter, Sacramento, Amador, Calaveras and in portions of Humboldt, Colusa, Sierra, Nevada, Placer, El Dorado, Alpine, and San Joaquin.

In accordance with law, a number of public hearings would be conducted by the commission before it finally approved the proposal and set regulations May 25th for the taking of anterless deer. These hearings will be announced at the April 6 meeting by the commission if it decides to consider the proposal further.

WHAT'S DOING

Charles F. Berlenbach, Jr., Telephone Manager in Truckee

Submarine Cable For Lake Tahoe

Perhaps you have noticed those huge reels of cable being shipped into this area recently. They are to be placed in the water starting in April. This represents one of the many expansive projects being carried on by Pacific Telephone.

Each of the 17 reels weighs approximately 30,000 pounds and consists of 2000 feet of cable. It will be used to house toll lines and will be placed in various locations in the Lake between Carnelian Bay and Tallac.

The use of this underwater cable together with underground cable is another step towards ever-improving telephone services.

* * * * *

There's no extra charge for repairs

Stop and think about it for a moment. There is a guarantee on one of the conveniences in your home that isn't just for 90 days, or only one year, or 10 or 20 years. It's the guarantee that your telephone will be repaired or replaced whenever necessary and with no extra charge to you. It's a guarantee that never runs out. It's good for as long as you have a telephone. And it means service that's always dependable. The men and women of Pacific Telephone work to make your telephone more useful every day.

* * * * *

Something to remember when you're planning to build or remodel

One feature every modern, well planned home should have is up-to-date telephone facilities. Concealed wiring and conveniently located telephone outlets make your home more livable, add to its beauty and value. Your architect or builder can easily put these features in your plans. The cost is small. We'll be glad to help you with our free planning service. Call and ask for "Architects and Builders Service".

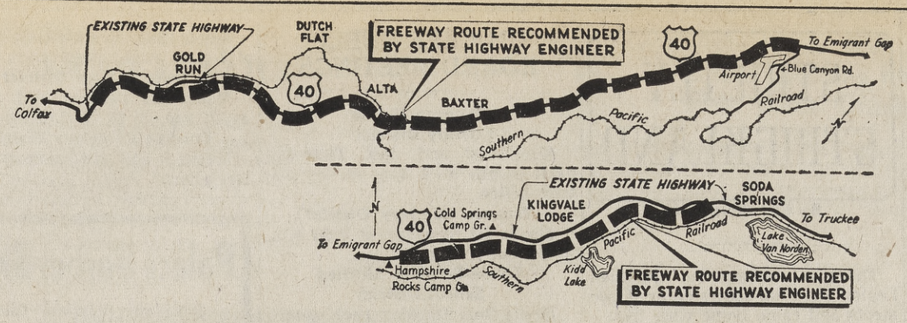
"Where Quality, Price and Service Meet"



SACRAMENTO— The California Highway Commission announced that it will consider at its April meeting or at a subsequent meeting the adoption of freeway routings for two sections of U.S. Highway 40 in Placer and Nevada counties.

One section is between approximately one mile west of Gold Run and Blue Canyon Road in Placer County, a distance of 14.2 miles. The other section is between Hampshire Rocks in Placer County and Soda Springs in Nevada County, a distance of 5.6 miles.

For the section between west of Gold Run and Blue Canyon Road, State Highway Engineer G. T. McCoy has recommended a route which follows the existing highway with some line changes to eliminate sharp turns. For the section between Hampshire Rocks and Soda Springs McCoy has recommended a route which would run parrallel with and just to the south of the existing highway. The present highway would serve as a frontage road or local service road upon completion of the proposed freeway.

A public meeting called by the Division of Highways was held in Auburn February 14 at which the recommended routes and possible alternatives were discussed. Subsequently the Boards of Supervisors of Placer and Nevada counties adopted resolutions stating that a public hearing on the matter was not considered necessary.

Plans of the Division of Highways call for the construction of a four-lane freeway over the two sections of U.S. 40. The section between west of Gold Run and Blue Canyon Road would cost approximately $8,000,000 and that between Hampshire Rocks and Soda Springs approximately $2,065,000, including rights of way. Start of construction would depend on the availability of future State Highway funds.

TWO SKIERS GIVEN COVETED AWARD AT SUMMIT MEET

NORDEN— In the 15 year history of the Standard Eagle ski race, only one diamond eagle has been awarded up to last Saturday and then two more were earned at the Sugar Bowl.

The diamond Eagle award is given to those who make a better time than 1:05 on the course from the top to the bottom of Mt. Disney.

Saturday Bob Kolak of Sierra College and a member of the Rubiyat Ski Club made the run in 1:02 and Roger Hackley, a Berkeley high school student, was clocked at 1:03.3.

Gold eagle winners were Dwight Stratton, Earl Ruffa, Lynne Wiggins and Susan Ruddy. Silver eagle winners were Len Miller, W. H. Wiggins, Solinsky, Dale Born, Russell Coffey and Perky Stafford.

Family Wins

The Reich family of Donner Summit were the winners of Oakland Ski Club's childrens races here Sunday. Mary, Tommy, Ronnie and Betty each won their age group.

There were 40 entries of children from 4 to 14. Roger Hackley won the Flatlanders race held here Monday. Susan Ruddy was the winner of the downhill and Starr Walton received the slalom award.

STATE REVENUES CONTINUE GAINING

SACRAMENTO (CNS)— At the end of the first eight months of the current fiscal year California general fund revenues continued a recordbreaking pace, totaling $631,451,256 for the period, State Controller Robert C. Kirkwood reported today.

Kirkwood said this was an increase of 14 percent, or over $76 million, compared with the same period last year.

The controller reported the following revenue increases:

Sales tax, $61,073,765; liquor taxes, $11,656,671; bank and corporation franchise and income taxes, $11,412,927; personal income tax, $5,609,916; inheritance tax, $1,705,325; interest on investments, $667,064; insurance companies' tax, $603,279; liquor license fees, $199,466; private car tax, $29,658; other, $1,195,469.

General fund expenditures for the eight-month period totaled $606,422,004, an increase of 13 percent over the same period the preceding year.

Kirkwood listed increases in expenditures as follows:

School apportionments, $40,713,998; bond interest and redemption, $4,302,938; University of California, $4,246,822; aid to needy aged, $2,928,636; aid to needy children, $689,312; aid to needy blind, $232,385; miscellaneous fixed charges, $16,355,112.

BICYCLE RIDERS ARE ASKED TO OBEY LAW

Bicycle riders are involved in ten traffic accidents each day says the California Highway Patrol.

"This fact was taken from our file of accident records which also indicates failure to obey the rules as the leading cause of traffic accidents involving bicycles," Patrol Commissioner B. R. Caldwell declared. "Frequently, when a bicycle rider disobeys the rules or takes chances, he comes into violent contact with an automobile or other motor vehicle.

When a 90 pound bicycle meets a 3000 pound mass of metal the bicycle rider always loses," Caldwell said. "To avoid accidents and secure more pleasure from bicycle ridng the following rules should be obeyed:

1. Keep to the right— always ride with traffic.
2. Obey all traffic signs and signals.
3. Use a white light in front and a red light or reflector in the rear when riding after dark.
4. Wear some article of white clothing at night.
5. Ride single file and only one person on each bike.
6. Keep your bicycle in good mechanical condition.
7. Do your stunting off the streets and highways.
8. Stay off freeways that are marked for motor vehicles only.
9. When in doubt about the rule ask any traffic law enforcement officer to explain them to you."

NEW FAIR BOARD MEMBERS NAMED

SACRAMENTO —(CNS)— Gov. Goodwin J. Knight announced appointmen tof two mmebers of the California state fair and exposition board of directors and reappointof three others.

New members named to the board were James S. Dean, Sacramento, to succeed Armand T. Mercier, Palo Alto, term expired, and James A. Nealis, Eureka, to succeed Joseph T. Grace, San Francisco, term expired.

Knight reappointed Ward G. Walkup, San Francisco, Adrian G. Wood, Carpenteria, and Albert S. Goode, Bakersfield.

How To React To The Atom Age

By Thomas E. Murray, United States Atomic Energy Commission

LIVING IN the atom age gives rise to various moods. People react to the new discoveries in different ways.

Some react with a mood of guilt, as though atomic energy was essentially evil. Others are seized by a mood of fear, giving rise to a policy of neutralism. Then there is the mood of futility, "There's nothing I can do about it, so I won't even think about it." Still others are just simply bewildered.

Murray

IT SEEMS to me that none of these is the Christian mood. The Christian mood is not escapist, nor is it bred of illusions. **A Christian is always a realist.**

The Christian sees in all things the hand of God. With Pope Pius XII he recognizes that "technological progress comes from God; and it can and ought to lead to God."

AS AN Atomic Energy Commissioner, I have been brought close to many evidences for the providence of God. In looking at the tiny atoms, with their protons, neutrons and electrons showing forth unbelievable complexity along with perfect order, one cannot help but see the hand of God.

Even scientists who once dogmatically excluded God from the universe begin to realize now that science cannot give man the answer to his fundamental problems. And doubting in the infallibility of science is a step towards humble belief in the guidance of God.

Pope Pius has told us that instead of shuddering at every new atomic discovery we should see a new door opening behind which we find God. God meant us to find the atom and if we use it in accord with His laws we can use it to bring increased happiness to man here on earth.

THIS FAITH in God's providence is an essential part of the Christian mood in the atom age. But we must go beyond faith. We must have recourse to God for the enlightment of our understanding to use this great gift for man's good.

This duty of prayer, though most important for our leaders, falls upon all of us. It is a duty for all of us who have a stake in the survival of our nation.

WE HEAR much today about greater aid for our allies, better education and more schools as the answers to our problems. But these are not enough. Man alone cannot cure his ills.

God has given us the atom; He has also given us the freedom to use it wisely or madly. To face that responsibility, courageously and humbly, bowing prayerfully before the atom's giver, this is the Christian mood in our atomic-age, the age of decision.

† Paulist Feature Service, Washington 17, D. C.

Standard Oil Develops New Anti-Knock Fuel

Standard Oil Company of California today announced the West's first automotive gasoline made with an aviation anti-knock fuel formula.

This aviation blend is available only in Standard's premium grade gasoline.

Company engineers say the new gasoline is designed to meet the special performance requirements of modern engines. These special needs are the result of increased compression ratios, radical cylinder head designs, and critical valve operation.

Extensive tests in Standard's laboratories and on the road indicate the new gasoline lengthens valve life and reduces combustion chamber deposits, thus improving cotane performance. A substantial reduction in wear rate of piston rings and cylinder walls also is reported in the tests.

Spokesmen for Standard Oil say the same benefits improve performance of older cars as well. Primary purpose of the new blending, however, is to make possible all the performance designed into modern hgh-compression engins.

ALL GATES CLOSED

TAHOE CITY— With all gates into the Truckee river closed Monday, the level of Lake Tahoe stood at 6226.98 feet. There were 42 inches of snow on the ground at Tahoe City and no precipitation was recorded during the week.

California's large and baby lima beans, not grown extensively elsewhere, command superior prices.

There were 41,807 telephones in use in the Philippine Republic in 1954.

NOTICE OF INTENT TO MORTGAGE

Notice is hereby given, pursuant to Section 3440 of the Civil Code of the State of California, that the undersigned, George Kaspian, whose address is P. O. Box 115, Truckee, California and whose business is that of a Saw Mill Operator and which business is known as Truckee Lumber Company, intends, as mortgagor, to mortgage to Bank of America National Trust and Savings Association, whose branch address is given herein below, as mortgagee, certain personal property of which a general statement of the character thereof is as follows:

Saws, Motors, edgers, resaws, trucks, trailers, tractors, and other necessary logging and saw mill equipment.

which personal property is located at Blackwood Valley, Placer County, California and Truckee, California, and that any consideration for said mortgage will be paid at the hour of 10 A.M., on the 16th day of April, 1956, at the Truckee branch of Bank of America National Trust and Savings Association at Truckee, California.

Dated at Truckee, California this 23rd day of March, 1956.

Rules and Regulations
Water Service

In keeping with sound business policies in use by most private and public utilities throughout the country, the directors of your Utility District have adopted a set of Rules and Regulations governing the water service of the District that among other things, requires hereafter a Service Connection Charge to connect to the water mains.

They also provide for the method of handling Complaints, the Extention of Mains into new territory and the regulation of Cross Connections between private and District lines.

The rules govern the application for service; Special Contracts; Establishment of Credit; Types of Service; Meter Installation, Maintenance and Reading; Adjustment of Bills; Temporary Service; Automatic Fire Service and Excess Water Usage.

Interested parties may obtain copies of the Rules and Regulations at the office of the District.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Benefit Party

Eunice Henrikson announces this week that the Tahoe City Nursery School is giving a benefit whist party on the evening of April 11th. The party will be held in the Tahoe Lake School auditorium, and will begin at 8 p.m. Following the entertainment there will be refreshments. Parents, friends and neighbors are urged to come and enjoy the evening, and thus to eventually benefit the school for the tiny tots of the community.

Returning

Summer residents are returning by the scores, probably on a general hunch that this region is in line for an early spring this year. Every time we drive out the lake highway by night now we see a few more of the formerly closed homes lit up all along the mountainsides. Then there are the late winter vacationists who are beginning to hurry back after hearing about our continued gorgeous weather. Joe and Marie Henry, of the Tahoe City Garage, just returned from a month's vacation in southern california and along the coast,— very glad to be home again. They spent about half the time around Palm Springs, Indio, Hemet, and in visiting Joe's relatives in Alhambra and Whittier. On the other half of the trip they drove down the coast to San Diego, and not far from that city they found the Beach of San Clemente, where the entire set-up seemed made to order for them. They spent a week there, playing golf daily on an excellent course, and resting in the warm sand. The Henrys got home just in time to attend the board of health meeting in Auburn on Monday.

Back From Europe

A long distance telephone call from New York was received at the Henry home during the weekend,- a surprise call from daughter Pat Fox, her husband Malcolm, and small daughter Mary Tabor. They were all back from spending the winter in Europe. They said they had reached New York just in time to get stuck in the midst of the recent blizzard there. They are expected to be at home in Tahoe City ahead of the season's opening.

Vacation Trip

Mr. and Mrs. C. W. Vernon plan to leave Thursday for a short vacation trip over the Easter holiday. They will spend four or five days motoring through the Bay area and down to Hamilton Air Force Base for a visit with their daughter, A|1c Florence Vernon, who is now serving as hostess in the service club there. Florence is being given a special five-day furlough for the time of her parents' visit.

Motor Trip

Mr. and Mrs. Harold Farr of this city left on last Friday evening for a motor trip into Nevada. Mrs. Farr, who teaches in the Tahoe Lake School, has the week before Easter as vacation from classes this term. Also the Farrs' wedding anniversary occurs near this time.

Improvements

Extensive improvements are reportedly planned this spring for the resort property of Chambers Lodge which changed ownership during the past week. The plans are said to include the replacement of a number of very old structures on the property with new and modern buildings. A large acreage between Chambers Lodge and Homewood, which is included in the Chambers estate, is to be subdivided into home sites, especially lots which form on the beaches. Authoritative report also states that a large, modernly equipped swimming pool may be added to the resort.

Phone Building

Improvements in the Tahoe City vicinity to get under way soon include a new dial telephone office, with maintainance buildings and yard space for vehicles. The new dial office is to be built on two lots at Grove and Tahoe streets, which were recently purchased by the telephon ecmpany. The maintainance buildings and yard will be located just south of town on highway 89.

To Lay Cable

Also a telephone cable is to be laid across the lake from Tahoe City to the South Shore. Robert Pomin, local pier builder, is now busy putting his barge and two boats in order for the laying of the 2½ inch cable. The huge rolls of this cable- six of them, which weigh something over sixteen tons each, have been delivered on the beach near the Tahoe Boat Company's buildings. Pomin said he plans to be ready to start laying cable by the first of April.

Service Stations

Another project expected to get under way here in the near future is a $50,000 service station to be built by the Standard Oil Company. The new building is expected to replace the Chevron Station on the state highway a block south of Tahoe Inn, and is to be more than double the size of the old station. The new location will be another site leased from Carl Bechdolt, Jr., not far from the present station. There is an unconfirmed report that another oil company has leased the F. A. Kilner property at the Y near the Truckee River on which to build another service station in the near future.

STRICTLY STRICKLAND

By Bill Strickland

This past weekend the American Legion Ski Club racers entered two meets and came home with five,— yep, I said five first places. On slide mountain, Saturday, Ronnie Rau, our 17 year-old speedster, added one more race to support his position as California's top junior racer, when he zipped the 42 gate giant slalom course in 124.2. On Sunday at the Sugar Bowl, the Reich youngsters took a first place in each of their brackets. Mary Helen 14 year bracket; Tommy in the 12 year bracket; Ronnie in the 11 year class, and tiny Betty in the 7-9 class. All in all a real good week for all the youngsters.

The Far West Ski Instructor's Association will hold its convention this year at Soda Springs. This organization, which after many years of hard work, is now being recognized by the skiing public. It's tough to pass the examining board, and if you do, you've earned the right to the title of "Certified Instructor." Even now, after approximately 15 years there are about 50 only in the F. W. S. A. area that are now wearing this badge of distinction. An estimated 250 will attend, which will include new canddates, wives, families and spectators. If you want to see some of the worlds finest professional stylists on skis, be sure and stop by April 23 to April 27.

Next Saturday, the Sugar Bowl is sponsoring a junior ski meet— classes I thru' IV— which should attract a good field of racers. On Sunday, at the Sugar Bowl, will be the Disney Trophy Race which is for youngsters 10 and under. Watch these little fellows— some of them are mighty good even now.

This Sunday also, will be the day to pan some of the ski column writers. They are having a race among themselves, and it should really be something to see. If we can get a couple of the eleven or twelve year olds to forerun the course, and then have these "experts" of the slippery skis explain in their ski columns why they couldn't run it better or faster, it should make some real interesting reading, provided they write about their shortcomings as competitors.

Don't forget our Ski Club Benefit, Friday, March 30th, at Soda Springs Hotel. That list of prizes is real good.

Chubbs Visit Friends

KINGS BEACH— Supt. and Mrs. Charles Chubb of San Jose, were weekend guests at the home of Mr. and Mrs. Otis Wing. Mr. Chubb is a former principal and teacher of the Kings Beach Elementary School. At present, he is superintendent of the Burrpessa District in San Jose.

Four hundred airplanes arrive and depart daily from San Francisco's International Airport.

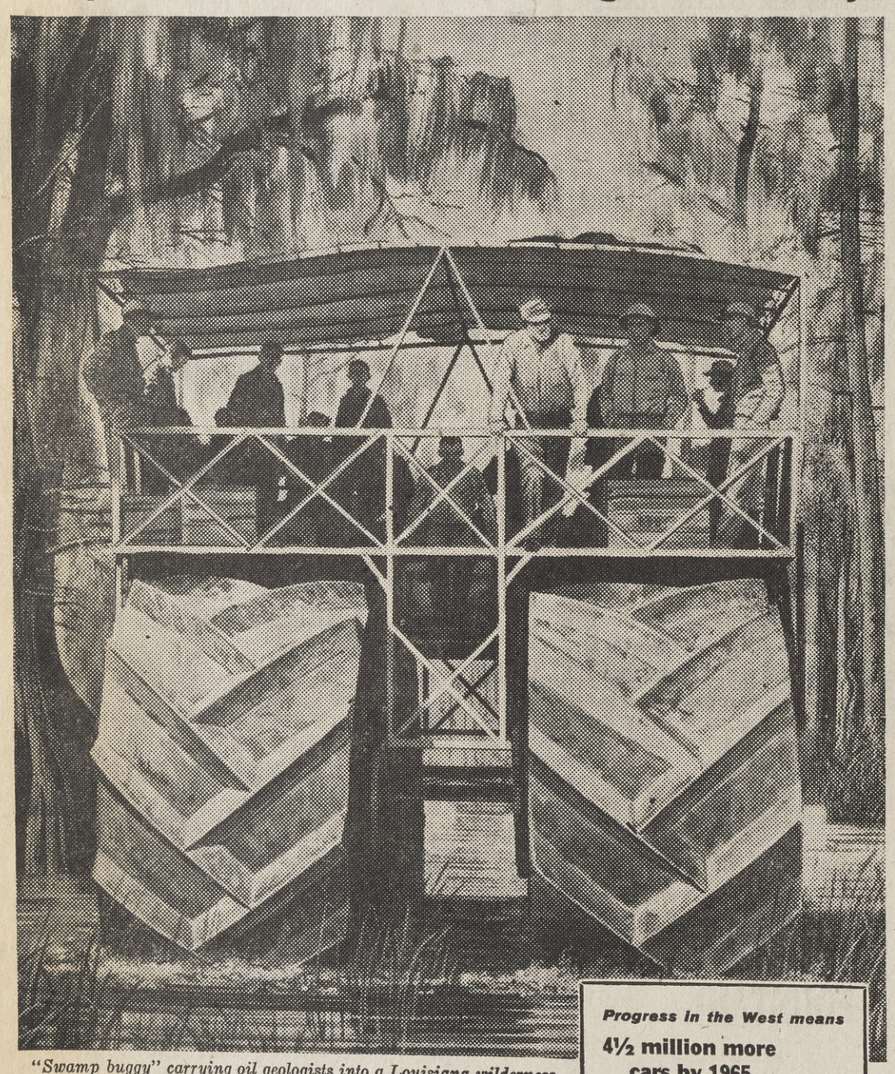
Standard is exploring 40 countries* to keep America's oil reserves the highest in history



"Swamp buggy" carrying oil geologists into a Louisiana wilderness

SWAMP BUGGIES, snowmobiles — even helicopters—are used by Standard's geologists, who seek petroleum throughout the free world and in 33 U.S. states. Our search never ends. Last year, in the Western Hemisphere alone, Standard invested $134 million in exploration, drilled 107 test wells. We added nearly three times as much oil to reserves as we brought from the ground. But U.S. consumption rises steadily. It's now over 9 million barrels *per day* and expected to increase ⅓ within 10 years. So in 1956 we'll again invest many millions in exploration, drill scores of new wells—seeking the oil you'll use tomorrow.

** Includes operations of affiliated companies in Eastern Hemisphere*

BOARD URGED TO CLAIM LOCAL WATER

A preliminary report by the Nevada County Water Resources Board on the amount of water originating within the Truckee basin in eastern Nevada County and the amount of water originating within the entire county was presented to the Board of Supervisors with strong recommendations that the supervisors make four filings immediately on water east of Donner Summit in the Truckee basin.

The filings would be preliminary in nature as a precaution against losing this water to other counties or the State of Nevada in the future when there would be no chance for regaining it.

Legislative Probe Will Look Into Lobbying By Fish, Game Officials

SACRAMENTO— A legislative probe of the State Fish and Game Department was announced by Assemblyman Sammuel R. Geddes, Napa.

He said his committee on civil service and state personnel will investigate whether field employes are gagged and if fish and game employes are lobbying legislative matters excessively.

Geddes said he wants to know if there is any truth to reports that highly paid department employes "spend most of their time on typing, filing, and other routine clerical work."

Assemblyman Vincent Thomas of the committee, said he is interested to look into department lobbying.

"Every time a legislative committee meets anywhere in California," he said "there are 15 to 18 fish and game men there lobbying."

CERTIFICATE OF INDIVIDUAL TRANSACTING BUSINESS UNDER FICTITIOUS NAME

I, the undersigned, hereby certify that I am, and for some time past have been, transacting business as a sole proprietor under the fictitious name and style of SIERRA FREIGHT LINE; that my principal place of business is located in the Town of Downieville, in the County of Sierra, State of California; that my name in full and place of residence are as follows: E. Garland Resigns Post On Olympic Commission

SACRAMENTO —(CNS)— Gov. Goodwin J. Knight announced acceptance of the resignation of John J. Garland, Los Angeles, as a member of the California Olympic Commission.

In his letter of resignation, Garland pointed out that as a member of the International Olympic Committee he is serving on the Organizing Committee for the Olympic Winter Games, Squaw Valley, 1960.

Garland said that John M. Pierce, state director of finance, had indicated to him that no member of the commission should be a member of the organizing committee.

In accepting the resignation, Knight thanked Garland for his support of the $4,000,000 appropriation which the governor obtained from the legislature to underwrite preparation of Squaw Valley for the games.

LINDSAY TO SEEK REELECTION FOR POST IN ASSEMBLY

LOOMIS— Francis C. Lindsay, incumbent Assemblyman for the ten mountain counties comprising the 6th Assembly District has announced his intention to seek re-election for the fifth time.

In announcing his candidacy, Lindsay said, "The voters of the 6th District have sent me to the state assembly to represent them four consecutive times in the primary. I will again seek both party nominations in the June primary. I have represented the 6th District without regard to partisan politics and if returned will continue to do so."

Lindsay, a farmer and noted conservationist in soil, water and wildlife, and forests, has received national recognition for his work in these fields. He is chairman of the committee on conservation, planning and public works, one of the biggest committees in the state legislature. He also serves on ways and means, fish and game, and the joint committee on water problems.

NOTICE TO BIDDERS

Inviting Sealed Proposals or Bids for Collection and Disposal of Garbage Truckee Sanitary District

NOTICE IS HEREBY GIVEN, that Truckee Sanitary District, pursuant to authorization of its Board of Directors, hereby invites, and said Board of Directors will receive sealed proposals or bids for the collection and disposal of garbage in accordance with and pursuant to the provisions of this Notice, the Bid Form, the Contract, General Provisions and Terms and Conditions for Collection and Disposal of Garbage, and Ordinance No. 5 of said District, on file in said District, to which reference is hereby made for greater particularity and which said Bid Form Ordinance No. 5, the Contract and General Provisions and Terms and Conditions for Collection and Disposal of Garbage are incorporated herein as if set forth in full.

Proposals or Bids will be received at the office of said District, or delivered to John J. McGlade, Secretary of Truckee Sanitary District, Box 1251, Truckee, California, until the hour of 5:00 o'clock P. M. on March 30, 1956, at a meeting of said Board of Directors, at which said time and place all proposals and bids will be publicly opened, examined and declared.

Each bid or proposal must conform and be responsive to this Notice and shall be made on the Bid Form provided by said District; bids or proposals shall be unconditional and shall be accompanied by a certified or cashier's check payable to the District in an amount not less than 10% of the monthly amount so bid; said amount shall be forfeited to the District should the Bidder to whom the contract is awarded fail to enter into said Contract for Collection and Disposal of Garbage in accordance with his bid, within three days after receipt of notice of such award; the faithful performance of said Contract shall be secured by a personal or corporate surety bond, or cash bond in the amount of $500.00.

The District reserves the right to reject any or all bids, to waive any irregularity or informality in the bid or bidding, and to accept the bid or proposal which in its judgment it deems most advantageous to the District.

Copies of the Bid Form, the Contract, General Provisions, Terms and Conditions for Collection and Disposal of Garbage, and Ordinance No. 5 may be obtained from the Secretary of said District as noted above upon depositing with him the sum of $5.00 therefor, which sum shall be refunded providing said copies be returned within two days after the opening of bids.

Dated: March 22, 1956.

JOHN J. McGLADE,
Secretary of Board of Directors of Truckee Sanitary District.

Lawyer Fails To Win His Own Traffic Case In Truckee Jury Trial

Willard Perry Norberg, 34, San Francisco attorney of the law firm of Johnson and Johnson, defended himself in the Truckee Judicial District Court Friday and was found guilty of breaking two sections of the California Vehicle Code by a jury in less than 15 minutes deliberation.

Norberg, charged with driving on the wrong side of the highway and not using reasonable caution on mountain roads, was involved in car-truck accident near the bridge just below Donner summit on Highway 40, on Jan. 20. He testified that as he crossed the bridge downgrade he slid on the ice and applied his brakes. The more he slid the more he applied the brakes, he said. His car swung wide into the path of an up grade truck. There were two minor injuries in the Norberg car. The truck and driver were not injured.

The jury took only long enough to write guilty on one ballot taken. Leo Todd, assistant district attorney, represented the state.

LOEHR WILL REQUEST PORT SURVEY FUNDS

Supervisor H. G. Loehr said today he will urge other members of the board of supervisors Monday to allocate at least $2500 of the county's state-provided airport fund for a survey of a proposed field at Truckee.

The program was accellerated this week by an encourageing letter from Clyde P. Barnett, state director of aeronautics, to the California Olympic Commission, pointing out the vital need for such a project as a supplemental transportation facility for the 1960 winter games.

Barnett said his commission is without the necessary funds to provide the airport, but indicated they are quite interested in the proposal. He termed the site adequate and said it would require a comparatively small amount of money to do the job.

Officials of the Olympic commission are doubtful if any of the money allocated for the games can be used for airport purposes, but will lend all possible assistance to its development.

At a meeting of the Nevada County Planning Commission Tuesday night attended by C. Edmunds of Truckee, a member of the group, supporters of the Nevada City airport asked that the county funds now available and totaling some $3300 be granted for improvement of the field there.

Nevada County Bond Sale $63,153 In Period

January and February United States Savings Bonds sales for Nevada County totaled $63,153, it was announced by J. G. Tyrrell, county chairman for U.S. savings bonds.

This combined total of Series E and H Bonds compare to $61,952 sold in the like period of last year, the county chairman said.

The sales here contributed to the overall increase in Northern California of 5.06 percent for the first two months, which was considerably above the national increase of 1 percent.

Only eight per cent of California's population lives on farms.

Alameda County's 1954 mineral production was valued at $12,047,155.

Mrs. Tollefson Honored At Pink, Blue Shower

A pink and blue shower was given by Mrs. Karl Kielhofer on Friday evening feting Mrs. Terry Tollefson.

Games occupied the guests, followed by opening of gifts by the honoree. The decorated cake and refreshment table indicated the party's theme.

Friends invited were; Mesdames Tony Ralphs, Rex Tollefson, Charles Smith, Al Schell, John Waller, James Souter, Glenn Miller, Chet Burns, Jack Ellis, Kenneth Hedlund, Russell York, Lauren Russell, Ben King, Lynn Kishbaugh, Herbert Copeland, Angelo Besio, Cliff Ellis, Don Pickard, Norman Albee, L. Goicoa, Robert Rose, Hugh Weinand, J. Baker, Howard Carnell, Robert Stark.

CHURCH NOTES

The Intermediate Fellowship is meeting Sundays from 5 to 7 p.m. and is open to 9th graders if they desire to attend.

A serious attempt is being made to meet every Wednesday night at 8 o'clock for a discussion of the Bible. All persons interested are invited to attend. These meetings are being held at the Eugene Risden home in Meadow Park.

On April 6th the Men's Club will have its second meeting of the year. A film is scheduled to be shown. This is a dinner meeting and it starts at 7 and ends at 9 p.m. Those desiring to attend are asked to contact the pastor, Rev. Wesley Osman.

Speaker Proposes Official Ride Cycle

When Robert Montgomery, regional manager for the department of fish and game, attempted to show local sportsmen at a meeting here last Thursday the possible benefits of having seven miles of the Truckee river closed to bait fishermen, he was quickly challenged by Robert Moore, spokesman for the opposition.

Montgomery declared that that particular portion of the river was heavily fished under ordinary conditions and that the restriction for artificial lures would relieve this stress materially.

"And", added the official, "you can all learn to fish with flies and I'm sure you will enjoy it."

"If," countered Moore, "the California Highway Patrol adopted the same tactics, and the highway between Truckee and Boca was heavily traveled, they might conceivably restrict that portion of the road to Jaguars and motorcycles to relieve the pressure, forcing other vehicles onto back roads.

"Perhaps, Mr. Montgomery," he added, "you might learn to ride a motorcycle and enjoy it."

Pearl Moore Elected To Head VFW Auxiliary

CRYSTAL BAY— Pearl Moore was elected president of the Women's Auxiliary of the Veterans of Foreign Wars at a meeting here last week.

Others chosen for the coming year are Barbara Bergman, vice president; Jeanette Cinani, junior vice president; Icey LaBorde, secretary and Bernita Jones, treasurer.

Joint installation with officers of the VFW will be held in April at Ta-Neva-Ho. The installing officers will be Mary Dunkley and Helen Thrall of Reno. The new officers are scheduled to take their seats on April 11 at the next regular meeting.

WASHOE PROJECT IS OVER ONE HURDLE

RENO— Legislation co-sponsored by Senators George Malone and Alan Bible for a development program on the Truckee-Carson river system cleared its first legislative hurdle yesterday when the Senate Interior subcommittee approved the project. The bill now goes to the full Senate Interior and Insular Affairs Committee, of which both Nevada senators are members.

"We have every hope that the hearings we have already held both in Nevada and Washington on this greatest reclamation-flood control development since Hoover Dam will clear the committee within another month in order that the Senate may act upon it in good time" both senators and in a joint statement.

A similar bill is now pending before the House Interior subcommittee and hearings were held in Reno last fall. As approved, this legislation will provide irrigation facilities for 50,000 acres in the same area, a hydro-electric power source, basic facilities for accommodating the visiting public at the major dam structures, and fish and wild life protection and restoration.

Two major construction projects, reservoirs at the Stampede and Watasheamu sites, are also authorized in the bill.

Plans Progress On Olympic Facilities

It is very unlikely that any major construction of facilities for holding the 1960 Winter Olympic Games at Squaw Valley can be undertaken before next year.

In the meantime, considerable detail work, architectural and engineering planning, settlement of land use agreements and other matters will occupy the planners. The facilities will be completed by 1958 or 1959, under the present schedule.

Both houses of the state legislature have placed their stamp of approval on the additional $4,000,000 appropriation needed, with only the wording of an amendment to the original item left for decision by a joint committee of the senate and assembly.

This amendment is the one to dispose of the facilities following the games. The assembly voted to let the division of beaches and parks make the decision to either use the facilities as a state park or otherwise dispose of them. The senate stipulated that the state built facilities either be sold or leased by the park division.

Prentice Hale, president of the organizing committee, which will have full charge of planning and preparing for the games, together with Alan Bartholemy of the same committee and P. K. Macker, executive secretary of the California Olympic Commission, which organization is charged with financing the project, are expected here this week to make a first hand survey of requirements.

The International Olympic Committee must be notified by April 3 that the required money is available for providing facilities for holding the games here and this is now virtually assured after weeks of organized planning and study by sponsors and legislators.

Federation Of Clubs Is Meeting In Placerville

PLACERVILLE— The Tri County Federation of Womens Clubs will hold its last meeting as an organization in the Mount Vernon Grange hall near Auburn today.

Formed in 1925 and drawing its membership from clubs in Nevada, Placer and El Dorado Counties, the federation will be eliminated in the reorganization plan of the state federation.

Each member club will present a stunt for the meeting program.

Mrs. Fred Pedley of Truckee, president, will call the meeting to order at a noon luncheon which will be followed by the program. Mrs. Delbert Niegel of Cool is in charge of luncheon reservations.

From Grass Valley—

Mrs. Judy Thatcher and daughter have been visiting here from Grass Valley.

BREAKS LEG

Among the ski accident victims treated at the Tahoe Forest Hospital last week was Strahn Woodard, son of Mr. and Mrs. John Woodard of Soda Springs, who has a broken leg.

Hospital Patients—

Local patients at the Tahoe Forest Hospital this week were Mrs. N. F. Dolley, Charles R. Heller, Mrs. G. Gini and Mrs. Catalina Dominguez, who are undergoing medical treatment. Jack Gross of Squaw Valley was also a local medical patient.

Back For Season—

Jack Waggoner has returned to open his Donner Lake resort in preparation for the summer season. He spent the winter in southern California and visited in the east.

CARD OF THANKS

I wish to express my sincere appreciation for the many beautiful flowers and messages of encouragement which I received from my friends while a patient at the San Francisco hospital.
